

Georgia Power

Five-Year Transmission & Substation Capital Plan, 2026-2030

ILLUSTRATIVE DEMO PROJECT, not from an actual utility filing.

Capital projects (page 2)

Kingsland–St. Marys River 230 kV line rebuild

Category: transmission line. Voltage: 230 kV. Location: Kingsland, GA.

Schedule: Q1 2027 through Q4 2027.

Valdosta 230/115 kV substation expansion

Category: substation. Voltage: 230 kV. Location: Valdosta, GA.

Schedule: Q2 2027 through Q1 2028.

Capital projects (page 3)

Thomasville 115 kV breaker replacement

Category: substation. Voltage: 115 kV. Location: Thomasville, GA.

Schedule: Q3 2026 through Q4 2026.

Bainbridge 115 kV line reconductor

Category: transmission line. Voltage: 115 kV. Location: Bainbridge, GA.

Schedule: 2028 through 2028.

Capital projects (page 4)

Waycross 500 kV substation (new)

Category: substation. Voltage: 500 kV. Location: Waycross, GA.

Schedule: 2029 through 2030.

Boston 115 kV switching station

Category: substation. Voltage: 115 kV. Location: Boston, GA.

Schedule: Q1 2028 through Q3 2028.
