

Keystone Electric

Five-Year Transmission & Substation Capital Plan, 2026-2030

Public filing. Project list begins on page 2.

Capital projects (page 2)

Hanover 115 kV breaker replacement

Category: substation. Voltage: 115 kV. Location: Hanover, PA.

Schedule: Q2 2026 through Q3 2026.

Gettysburg–Littlestown 115 kV line rebuild

Category: transmission line. Voltage: 115 kV. Location: Littlestown, PA.

Schedule: 2026 through 2027.

Capital projects (page 3)

Shrewsbury 69 kV substation expansion

Category: substation. Voltage: 69 kV. Location: Shrewsbury, PA.

Schedule: Q1 2027 through Q4 2027.

Red Lion solar interconnection (20 MW)

Category: generation. Voltage: 34.5 kV. Location: Red Lion, PA.

Schedule: 2027 through 2027.

Capital projects (page 4)

York North 230 kV transformer replacement

Category: substation. Voltage: 230 kV. Location: York, PA.

Schedule: Q3 2026 through Q4 2026.

Adams County reliability upgrades

Category: substation. Voltage: 69 kV. Location: Adams County, PA.

Schedule: 2026 through 2026.

Capital projects (page 5)

Chambersburg 138 kV substation (new)

Category: substation. Voltage: 138 kV. Location: Chambersburg, PA.

Schedule: 2028 through 2028.

Waynesboro battery storage

Category: generation. Voltage: voltage TBD. Location: Waynesboro, PA.

Schedule: Q4 2026 through Q2 2027.

Mason-Dixon tap rebuild

Category: transmission line. Voltage: 115 kV. Location: Mason-Dixon Tap.

Schedule: 2027 through 2027.
